

Hello members of UPOA,

As a civil service worker for over 35 years my career in New York City began at the Administration for Children Services where I served as an active member of DC-37.

I then started my career at NYC Department of Probation in 1995 and became a UPOA member.

In 1999, I became a UPOA delegate where I began serving in the capacity as a union delegate and then an Executive Board member and Trustee to present.

I currently serve on the committee for contract negotiations and has remained active with UPOA since my inception.

In closing, I believe my experiences as a Probation Officer and Supervising Probation Officer has afforded me the opportunity to serve this union with fairness and humility which can go long way when serving our members of UPOA.
